Lake Pineta Spillway, Oby – Om

Betty Mauney (Mrs. M. M. Mauney) "On her diamond field"

1960, Gnt. Boulder, Blakely SS, Hwy. 9

The greaser, not a correct showing. No stuff on it, no water flowing, not being fed, a very successful rig and capable of handling a lot of stuff. Has a side stroke of 3/8' and we run it about 150 strokes per min. = 75 turns of crank. Light running, use Vaseline, gear grease containing Stockholm tar, or auto cup grease.

Wolford Marble Quarry situated on White River – 2 mi. East of Guion, Izard County, Loading facility by switch from Mo. Pac. RR. In ascending order, Plattin, Kimmswick, and Fernvale formations are exposed. Approx annual production 4000 ft³ at 162 lbs. ft³

Carbonized wood near Murfreesboro

Section of Jasper Courthouse, Newton County, AR, Showing use of rough quarried limestone blocks in wall building. Quarried Locally.

1965? Petit Jean

Nov. '75 E. Extension, Malvern Mineral Company, Tripoli

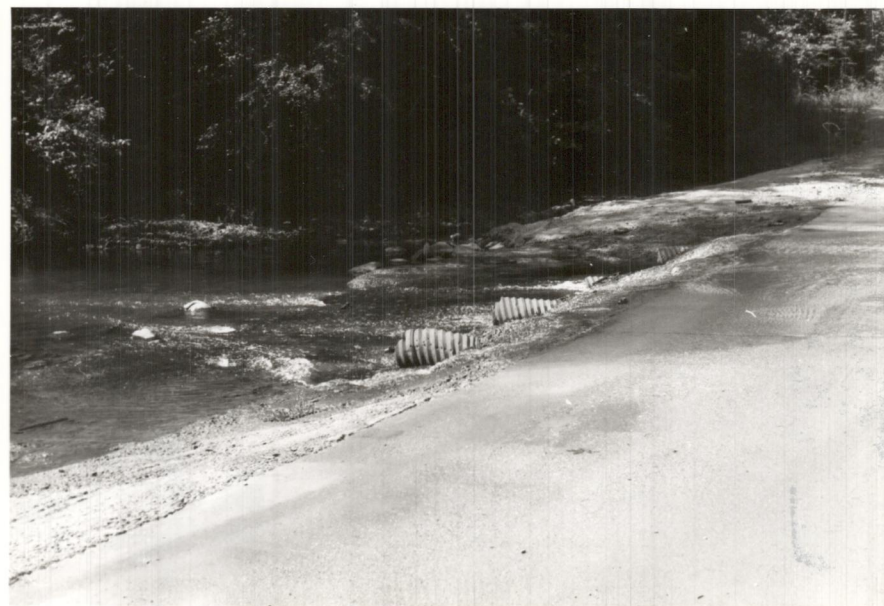

View from mine dump at barite mine – Chamberlain Creek, Oct 1969
